About PaedsX Symposium

Agenda

Panel of Speakers

Al Jalila Children's Specialty Hospital

The logo features the text 'AL JALILA CHILDREN'S' in a white, sans-serif font at the top. Below it, the word 'paeds' is written in a large, white, rounded, lowercase font. Underneath 'paeds', the words 'SYMPOSIUM SERIES' are written in a smaller, white, sans-serif font. A large, yellow, stylized 'X' graphic is positioned to the right of the text, partially overlapping it.

AL JALILA CHILDREN'S paeds SYMPOSIUM SERIES

Al Jalila Children's PaedsX Symposium Series is a thought-leadership platform created by Al Jalila Children's, aiming to provide the healthcare community with a year-round calendar of CME symposiums. As the only children's hospital in the UAE, PaedsX is part of Al Jalila Children's efforts at providing education and training to encourage and promote excellence in paediatric healthcare. The symposiums are run by teams of world-class doctors and healthcare professionals working at Al Jalila Children's. Each team member has years of experience in their respective field and has been trained in some of the leading hospitals around the world, which have encouraged knowledge-sharing and creating a conducive environment for continued education on evidence-based medicine and practices.

**PAEDIATRIC SURGICAL
ONCOLOGY MASTERCLASS**

Hosting Venue

Al Jalila Children's Specialty Hospital

Al Jalila Children's is the first dedicated children's hospital in the United Arab Emirates. The state-of-the-art medical facility was created under the directives of His Highness Sheikh Mohammed Bin Rashid Al Maktoum, Vice President and Prime Minister of the UAE, and Ruler of Dubai, to affirm his belief that all children should have an equal opportunity for success in life, and the treatment of children suffering from illness or disease should not be subject to geographical chance. The vision of His Highness is to have Al Jalila Children's among the top 10 paediatric hospitals in the world. Inaugurated on November 1, 2016, Al Jalila Children's is an ultramodern hospital that aims to be the driving force behind the tertiary and quaternary care

facility in the region. Our world-class teams of highly qualified medical and clinical experts are setting new standards for healthcare excellence on a local and regional level. The hospital is a place where SMART technology and design converge to enhance patient care and outcomes. It hosts the first robotic pharmacy in Dubai and a fully automated laboratory. The hospital also aims to foster clinical innovations, astute learning and development programmes and cutting-edge research facilities. Al Jalila Children's comprises 200 beds in a child and family friendly environment.
